

WELCOME TO CONVERSION 101

This is the introduction to a series of talks. From time to time we'll be posting articles that help children (and sometimes adults) with their self-esteem, with their emotions, that give guidance concerning choice of subjects or choice of career, etc. We're here to guide you in sorting out your thoughts and putting it plainly for you to work with.

We'd like you to know that you should feel free to ask questions or give feedbacks on any of the things you read. If you have a question that has not been addressed here, feel free to ask. We are here for you.

If you would like to have a one on one discussion on something that is bothering you, or you want us to talk with your child, feel free to contact us on 09086635578. We will get back to you to fix a time and the method.

It's good to ask for help from the right quarters when you need it. A problem shared is a problem halved and maybe even totally solved. We want the best for you.

See you soon. We care. Good afternoon!!!!!!!

I believe you are still enjoying your break.

We are expanding to provide one on one talks in case you need them. Send a message to 09086635578.
